

شركة ناش الخليج العربي للمقاولات العامة
NASH GULF ARABIAN
GENERAL CONTRACTING COMPANY

About Company

We are a multi-service organization delivering reliable manpower, engineering, construction, and facility management solutions. Our services cover rental manpower and equipment, overseas recruitment, trading, mechanical and civil works, facility management, laundry services, and camp facilities.

With a strong focus on quality, safety, and operational efficiency, we support clients across commercial, industrial, and infrastructure sectors.

Mission

Our mission is to deliver reliable and high-quality services across manpower, engineering, construction, and facility management sectors.

Vision

Our vision is to become a trusted and leading multi-service provider across regional and international markets.

OUR SECTORS

OIL & GAS

In the Kingdom, the oil and gas sector is pivotal. At Nash Gulf Arabian, we are dedicated to supporting the industry with a reliable and efficient range of comprehensive equipment, meticulously maintained and tailored to meet the specific needs of oil and gas operations in the Kingdom.

We have an extensive fleet of equipment designed to tackle the unique challenges faced by the oil and gas industry in the region.

Our commitment to safety, reliability, and customer service is unparalleled. All our equipment undergoes rigorous testing to ensure peak performance when you need it. Our experienced team, well-versed in the sector's specific requirements, is available 24/7 to provide expert support, ensuring your operations run smoothly.

CONSTRUCTION & INFRASTRUCTURE

In an era where the Kingdom's skyline is rapidly transforming, sustainable construction takes center stage. At Nash Gulf Arabian, we understand the complexities of modern construction projects and address the demands of ambitious projects with eco-optimized and sustainable solutions.

From earthmoving generators that reduce carbon footprints to our range of boom and dump trucks designed for efficiency, every piece of equipment we offer adheres to strict environmental standards. Our innovative approach ensures that with energy-efficient light towers, we ensure your project aligns with the global push towards sustainability.

Our regional, versed team is eco-expert, ensuring you are not just equipped with tools, but with sustainable insights for enduring success.

Our Services

INDUSTRIAL & MANUFACTURING

The industrial sector stands at the backbone of modern economies, and in the Kingdom, this sentiment echoes powerfully. At Nash Gulf Arabian, we recognize the importance of industrial growth and development, particularly sustainable operations. Our curated range of equipment, encompassing both renewable-energy solutions and reliable conventional machinery, is designed to meet the exacting standards, enabling industries to navigate today's dynamic industrial environment.

Whether the final product, power supply, and material handling requirements are complex or straightforward, Nash Gulf Arabian has a fleet that can help you meet your requirements and ensure your final product.

OFFSHORE & MINING

The use of rental equipment in offshore and mining sectors has become increasingly prevalent in recent years. This is primarily due to the temporary nature of projects in these industries, as well as the need for specialized and expensive machinery. By opting for rental equipment, companies can reduce their capital investment, maintenance, and storage costs.

Additionally, renting allows for flexibility and scalability, ensuring that companies have access to the specific equipment they require for each project.

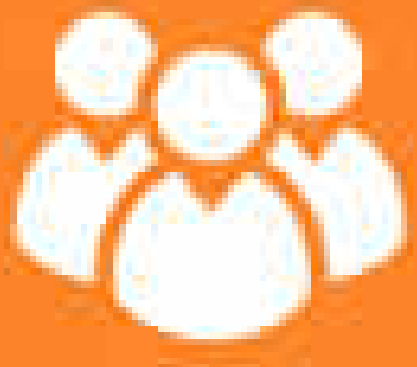

Rental equipment providers also offer expert support and maintenance services, ensuring that operations run smoothly and efficiently. Overall, renting equipment in offshore and mining sectors offers numerous benefits, making it an attractive choice for many companies.

EVENTS & HOSPITALITY

Behind every unforgettable event lies a suite of top-tier equipment meticulously orchestrated to ensure flawless operation. At Nash Gulf Arabian, we are committed to transforming events with the best in class inventory, from power solutions to crowd management and access equipment.

From corporate seminars and sports events to music festivals, grand weddings, or intimate gatherings, our equipment ensures seamless execution, delivering power, lighting, access solutions, and more. With extensive experience and dedicated support, we help set the stage for unforgettable experiences.

RENTAL MANPOWER

We provide skilled and unskilled rental manpower to meet diverse operational needs. Our flexible workforce solutions support short-term and long-term requirements. Efficiency, reliability, and cost control are ensured.

- ✓ Civil, Electrical, Mechanical & Instrumentation
- ✓ Administration & Finance
- ✓ Riggers (Aramco & TUV)

- ✓ Operators (Aramco, SPSP & TUV)

OVERSEAS RECRUITMENT

We deliver end-to-end overseas recruitment solutions for global workforce requirements. Our process ensures compliance, quality selection, and timely deployment. We connect employers with reliable international talent.

aramco

We provide highly qualified and experienced manpower support for projects associated with Saudi Aramco, delivering resources that meet stringent project, safety, and operational

Our manpower personnel possess prior exposure to Aramco project environments and are well-versed in Aramco safety standards, permit-to-work systems, and site operational procedures. All manpower deployment is executed in strict compliance with applicable Saudi labor laws, HSE regulations, and client-specific project standards. Our recruitment and mobilization processes ensure that only technically competent, safety-oriented, and project-ready personnel are deployed. We maintain rigorous screening, documentation, and induction procedures to align manpower performance with project schedules and quality expectations. Through structured supervision and coordination, we support contractors and project teams in achieving efficient execution, productivity, and safe work practices.

RENTAL EQUIPMENT

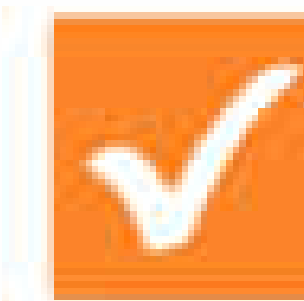

We supply a comprehensive range of well-maintained rental equipment for construction, industrial, and infrastructure projects. All machinery is subjected to routine inspections, preventive maintenance, and servicing to ensure compliance with safety regulations and optimal performance standards. Our equipment fleet is operated and supported by qualified technical personnel to ensure reliability at all times. Timely mobilization, on-site support, and rapid replacement minimize downtime and support uninterrupted site operations. This approach enables efficient project execution, improved productivity, and reduced operational risks.
